

## **English**

Our English topic will be focused around the book 'Grandad's Island'. Children will explore 'Portal Stories'.

Children will look closely at using conjunctions, prepositions and apostrophes.

## **Geography**

This half term, children will be exploring 'What it is like at the Seaside?'.

Children will describe, research and identify different seaside towns.

Children will identify the differences between seaside towns, then and now.

## **Maths**

We will be exploring basic skills alongside data and statistics.

Children will be taught about a range of charts and tables.

Children will also look at positional language closely.

## **Science**

Children will be exploring 'What is Electricity?'. Children will look closely at electricity and where it comes from. They will learn how to stay safe around electricity and identify circle symbols.

## **Year 2 Home/School Sheet**

**Summer 3.2 2024**

## **Computing**

During computing this half-term, we will be exploring media by creating a tour guide brochure for a Seaside town.

## **DT**

We will be exploring Mechanical Beach Buggies. Children will use a range of materials to design, create and evaluate their own beach buggies. They will explore how to make the vehicles move.

## **RE**

We will be finding out what do Sikhs believe in, what being equal means to a Sikhs and all about their lives.

## **Music**

We will be exploring the theme of round and round.

## **PE**

P.E will be outdoors weather permitting. Children will complete athletics style activities.
