

## Nursery Knowledge Organiser Autumn Term

### What do we already know?

Our Nursery is a new environment to some of us.

We all have family members who are important to us.

We all live in different types of homes.

That seasonal changes affect our garden area.

We celebrate special times together such as Halloween, Bonfire Night, Christmas and Chinese New Year.

### Words that will help me

<u>Family</u>	<u>Homes</u>	<u>Cooking</u>	<u>Environment</u>	<u>Celebrations</u>
Mummy	House	Harvest	Weather	Halloween
Daddy	Flat	Fruit	Cold	Pumpkin
Brother	Caravan	Chop	Frost	Bonfire
Sister	Cottage	Cook	Leaves	Fireworks
Nan	Farm	Bake	Change	Christmas
Grandad	England	Taste	Rain	Chinese NY
Cousins	UK	Ingredients	Ice	Dragon

### What we will learn

We will learn how to explore and investigate our Nursery environment inside and outside independently (or with support). To explore both inside and outside areas and begin to talk about what we are doing.

We will notice detailed features or objects in the environment and talk about them. We will explore the seasonal changes that are taking place. What happens to the weather in Autumn then Winter. We will explore what happens to our plants. How to get our garden ready for the Winter – collecting apples and pears from the trees and from the ground and sorting them in to good and bad. Using the good fruit for cooking and learning how to compost the other fruit to help our garden be healthy in Spring.

We will learn that families are important to us and we share special times together. We will talk about who is in our family and what we enjoy doing as a family. We will find out about important times in our lives recognise important celebrations for some other cultures. We will use information books and the internet to research how other cultures celebrate special times.

We will explore different types of homes and talk about where we live in the world.

### Stories we might explore
